

EVANA TECHNOLOGIES

μWell Technology for high aspect ratio cold laser micro-drilling of plastics

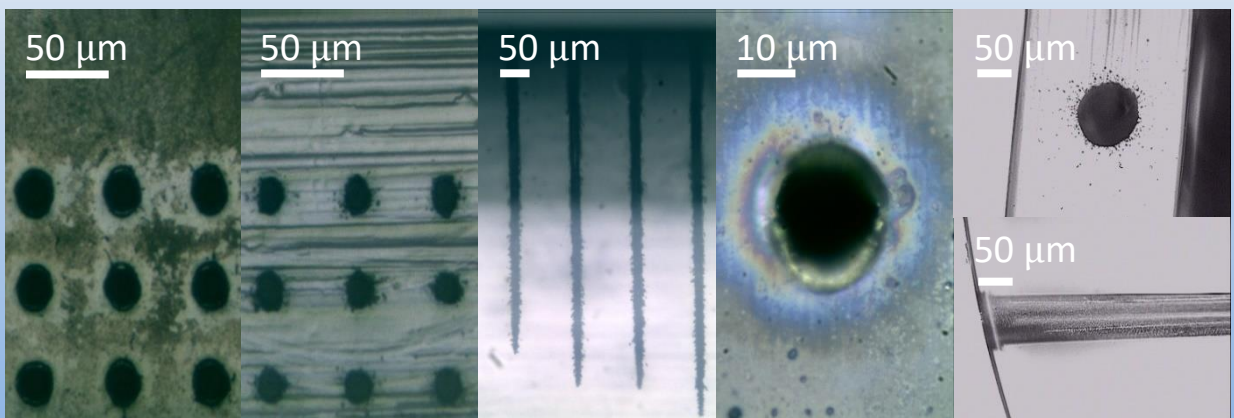

Applications in:

- **Medicine**
- **Biotechnology**
- **Biophotonics**

Such as:

- Cell analysis, tracing
- Localised drug delivery
- Microfluidics, optofluidics
- Microdraining
- Micropatterning

Features: aspect ratio > 1:30, hole diameter – 10-80 μm
